

Filtering Subscriptions in Azure Portal

Type:	4. Instruction	Version:	2.0
Status:	Final	Effective:	8/5/2024

1. Purpose

When a new subscription is added to a tenant it may not show up in a user's list of subscriptions in the Azure portal.

This may be due to the user not having permissions to the subscription or it may be due to the subscription being missing from the global subscription filter.

If the subscription is still not available after completing this instruction, the user will need to contract their reseller to have permissions added. After permissions are added, they may need to complete these instructions again.

3. Instructions

3.1. Subscriptions Blade

- Log into the [Azure Portal](#) using credentials valid in the tenant.
- Click on the subscriptions icon -or- search for "subscriptions" in the search bar then click the subscriptions icon.

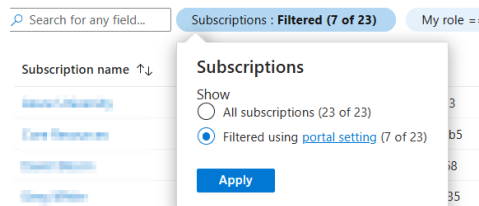

- The subscriptions blade will appear. It may show zero or more subscriptions.

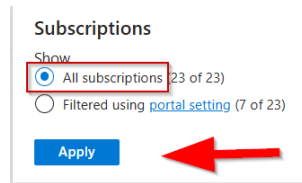

3.2. Remove Global Subscriptions Filter

- In the Subscription blade, click to **Subscriptions : Filtered (7 of 23)** open the filter dialog box.

Filtering Subscriptions in Azure Portal

- Select All subscriptions then click Apply

- You will be returned to the subscriptions blade with all the subscriptions to which you have access showing.

Subscription name ↑↓	Subscription ID ↑↓	My role ↑↓
Azure University	8752b612-428c-4779-b060-0076029f1309	Owner
Core Resources	ce686406-6854-4720-8376-011839906a65	Specified access

- You may want to change the Global Subscription filter to show all subscriptions.

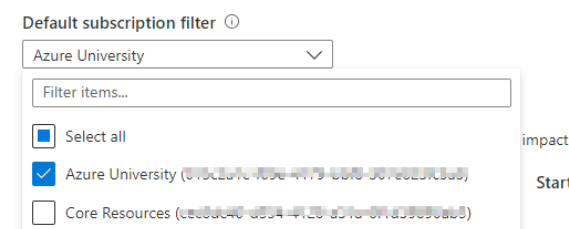

3.3. Changing the Global Subscriptions Filter

Note: By editing the global subscription filter, you will not have to select the subscriptions using the instructions above.

- Log into the [Azure portal](#).
- Click on the gear icon on the upper right.

- Expand the box under “Default subscription filter” then select the subscriptions you want to include in the default filter.

- Return to the subscriptions blade and the subscriptions you selected will be visible.

4. Associated Documents
