

Remove AOBO and GDAP from Customer

Type:	4. Instructions	Version:	2.1
Status:	Final	Effective:	1/24/2025

1. Purpose

The customer may need to remove AOBO and GDAP from their former provider. This document provides instructions on how to remove them.

IMPORTANT: The end user should not remove the permissions for TD SYNnex. Removing TD SYNnex access could result in higher costs and loss of support.

3. Procedure

3.1. TD SYNnex Foreign Principals in Azure

TD SYNnex has multiple Partner Admin Center (PAC) environments which means that the foreign principal name shown in an end user Azure subscription may have one of six possible names.

In the subscription in Azure portal, it will look similar to the following:

The following are the names that may be shown for TD SYNnex foreign principals. These should not be removed.

PAC	Foreign Principal Name
Synnex365 (Stellr)	Foreign Principal for 'SYNNEX365' in Role 'TenantAdmins' -OR- Foreign Principal for 'SYNNEX' in Role 'TenantAdmins'
TechDataTSAVT (ION)	Foreign Principal for 'Tech Data Corp (SES)' in Role 'TenantAdmins'
Tdmsft (SCM)	Foreign Principal for 'Tech Data' in Role 'TenantAdmins'
Synnex CA	Foreign Principal for 'Synnex Canada Limited' in Role 'TenantAdmins'
TechData CA	Foreign Principal for 'Tech Data Canada Corporation' in Role 'TenantAdmins'
TechhDataS1ECA	Foreign Principal for 'Tech Data, dba Tenva TS Canada ULC' in Role 'TenantAdmins'

Synnex Azure Gov

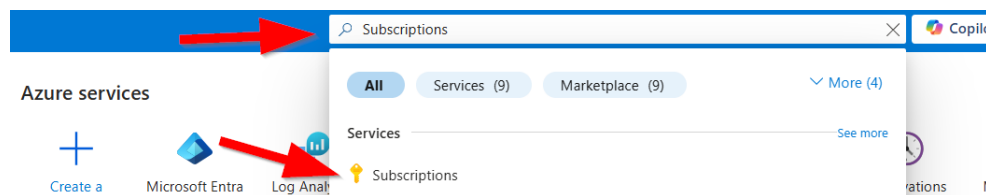

Foreign Principal for 'SYNNEXAGC' in Role 'TenantAdmins'

3.2. Removing AOBO

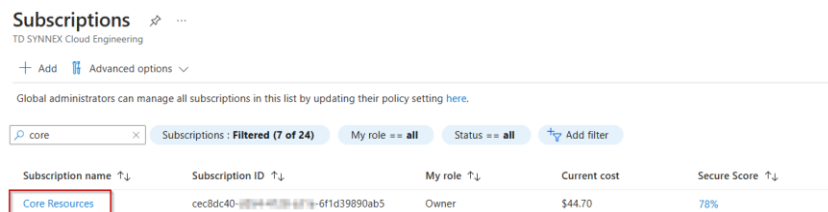

Removing a foreign principal may only be done by a user with “Owner” access to the subscription. This must be done in each subscription.

IMPORTANT: Do not remove the foreign principal for TD SYNnex. See the list above.

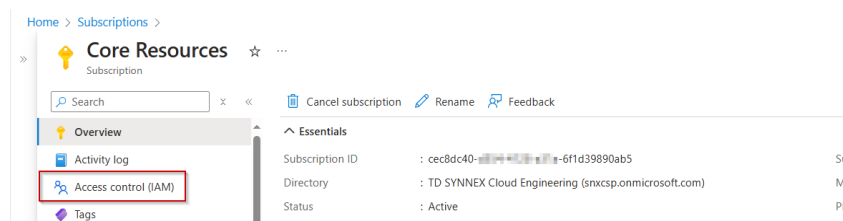

- Log into the [Azure Portal](#)
- Search for Subscriptions then click on Subscriptions in the list provided.

- Select a subscription by clicking on its name.

- Click on Access control (IAM) from the menu

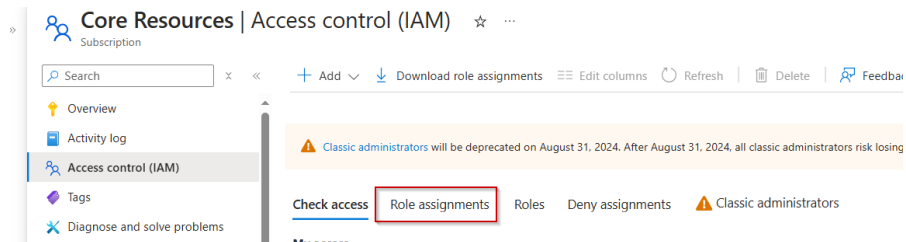

- Click on Role assignments

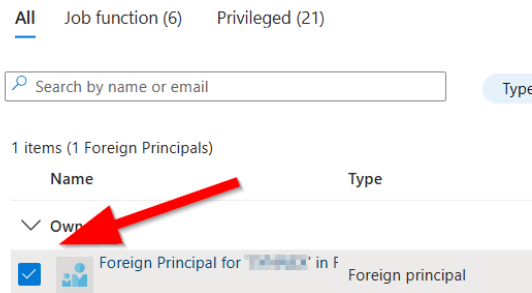

Remove AOBO and GDAP from Customer

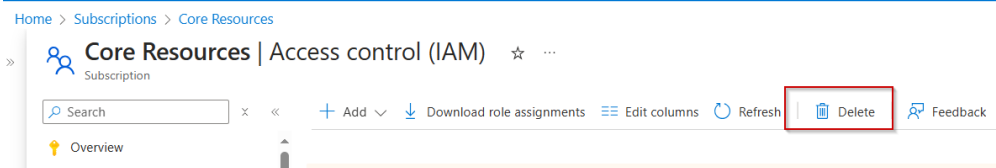

Type:	4. Instructions	Version:	2.1
Status:	Final	Effective:	1/24/2025

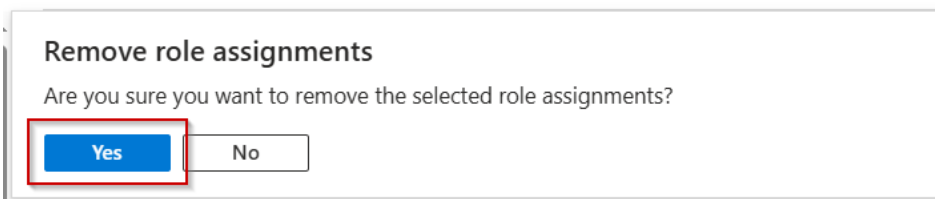

- Find the provider's foreign principal in the list can check the box by it.

- In the menu at the top of the screen, click Delete

- Click Yes to confirm deletion.

- It may take a few minutes to complete. A pop up is provided when complete.

3.3. Removing GDAP

Removing a GDAP relationship may only be done by a user with the global administrator role.

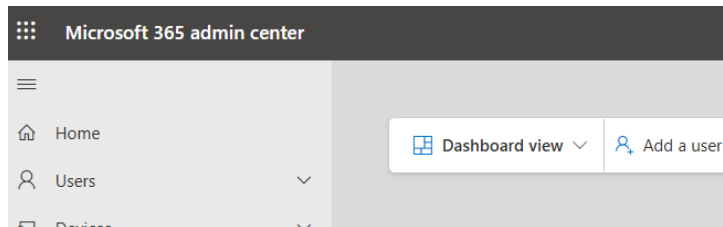

IMPORTANT: Do not remove the GDAP relationships for TD SYNEX. They will include TechData or Synnex in the name.

[Teams Device Administrator](#)

Remove all roles and end access

When you remove these roles, your partner will no longer be able to manage your Microsoft account.

Remove roles

- A confirmation pop up will appear. Click Remove roles at the bottom of the pop up.

Remove all roles & end access

This means that all roles will be removed and you will end your partner's GDAP access. Your partner won't have access to manage your Microsoft account in Microsoft Entra or the Microsoft 365 admin center.

A notification email will be sent to you and your partner confirming that their GDAP access has ended.

No

- A confirmation will be displayed.

TD SYNnex

✓ Delegated admin roles have been removed from [redacted]

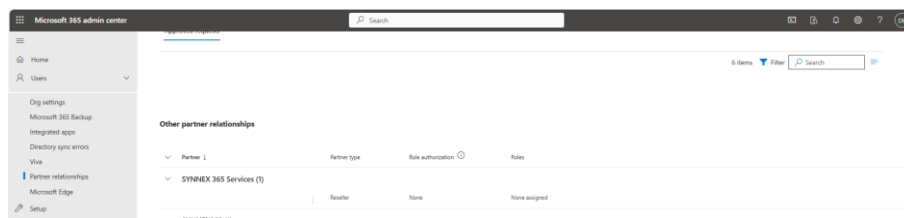

3.4. Removing the Reseller Relationship

At the bottom of the Partner Relationship screen in M365 admin center is a list called Other Partner Relationships. This is a list of companies with whom you have a relationship.

These relationships have no access to your tenant. These relationships only allow the partner to sell to your organization. There are no security issues caused by leaving them.

They may only be removed by the partner and only if there are no licenses or subscriptions related to the tenant. If you want to have them removed, contact your reseller to determine if they can be removed and the effect on any licenses/subscriptions you may have purchased in the past.

The relationship with TD SYNnex cannot be removed while a customer of TD SYNnex.

Before a reseller relationship can be removed, the provider must:

- Suspend legacy subscriptions

Remove AOBO and GDAP from Customer

Type:	4. Instructions	Version:	2.1
Status:	Final	Effective:	1/24/2025

- Cancel NCE subscriptions
- Cancel any Azure reserved instance or Azure Savings Plan
- Cancel any software purchases
- Cancel Marketplace SaaS subscriptions

Microsoft will not provide credits for canceled subscriptions. The customer may need to repurchase some subscriptions or licenses to remain in compliance with license terms. The customer will need to determine their compliance needs and/or the effects of non-compliance.
