3.1. Issue

The end user customer is required to accept the Microsoft Customer Agreement (MCA) in order to use Azure and Modern Workplace solutions. The TD SYNnex platforms will normally handle this process; however, there may be a need to provide the end user with a URL to accept it themselves.

3.2. URL

The URL for an end user to accept the MCA is:

<https://admin.microsoft.com/AdminPortal/Home?ref=/BillingAccounts/agreement>

This link will take the customer to the Microsoft 365 Admin Center where they can accept the agreement.

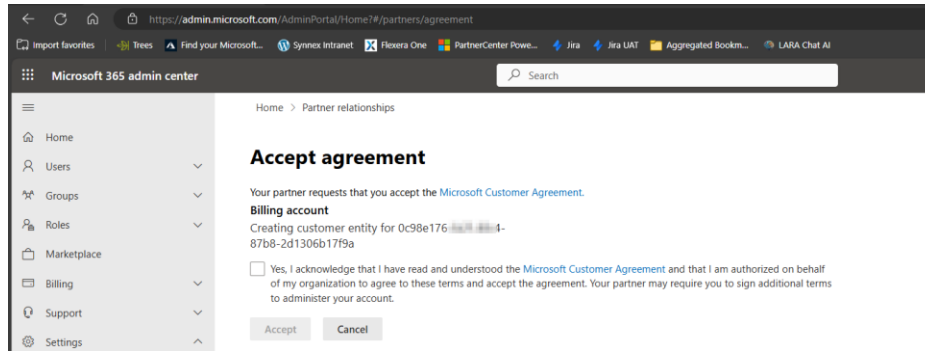

3.3. Process

- Open an InPrivate or InCognito browser session.
- Past the URL in Section 3.2 into the browser then press Enter
- The user will be prompted to login. The user will login with a local (not guest or service provider) global administrator account.
- **If they need to accept the MCA**, they will be presented with a screen similar to the one below:

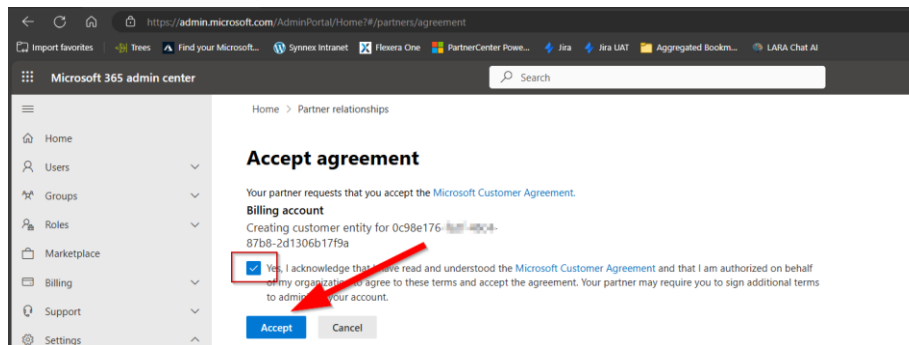

End User Accepting MCA
