3. Click on the “Get” button.
4. Log in with a login that has Owner permissions to the subscription.

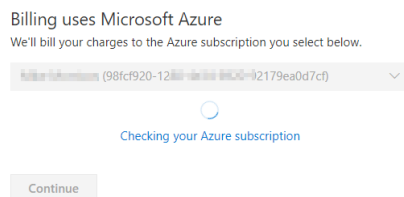

5. You will be taken to the purchase page.
 - a. If you do not have any subscription eligible to purchase subscriptions, you will be notified on this page. Contact your CSP Reseller for assistance with purchasing a subscription
 - b. You may be presented with multiple eligible subscriptions. Check in the Azure portal to determine the subscription to which you want the Visual Studio subscriptions to bill.

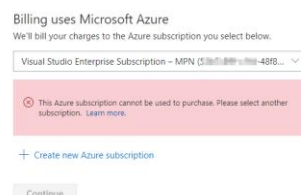

Note: Some customers have subscriptions they only use for Visual Studio licenses. Contact your CSP Reseller if you would like to create another subscription.

6. Select the subscription to which the Visual Studio subscription will bill. The Marketplace will validate that the subscription choose can support the purchase type.

- a. If the validation fails, select another subscription or contact your CSP reseller for assistance.

8. Select the quantity of Visual Studio subscriptions you want to have after the purchase has completed then click the “Continue” button.

If you had previously purchased Visual Studio subscriptions using the selected Azure subscription, the quantity may be greater than one. Increase the quantity to the number you want to end up with.

For example, if you already have 3 licenses the quantity will show 3. If you want to add 2 more, then increase the quantity to 5.

Note: You can reduce the quantity of subscription by reducing the number here. Reduction will take place on the last day of the month. Reductions are not prorated.
